

# HOMEY C100 PU FOAM CLEANER

## DESCRIPTION

**HOMEY C100 PU FOAM CLEANER** is special designed for removing the uncured (wet) polyurethane foam from hands, tools and gun application. The adaptor may be used as a spray attachment, or the can may be connected to the gun to flush the barrel.

## TYPICAL USES

### HOMEY C100 PU FOAM CLEANER

- Removes uncured polyurethane foam and residue.
- Cleans and rinses foam applicator guns.
- Cleaning of valves of any PU foam aerosol cans.
- Suitable for dissolving uncured one-component polyurethane foam in most applications.

## FEATURES

### HOMEY C100 PU FOAM CLEANER

- Highly effective, powerful in cleaning the foam gun.
- Fast acting and easy to apply.
- Eco-friendly, propellant gas is not harmful to the ozone layer.
- For the cleaning and maintenance of PU foam guns.
- Mature and stable formulation, long shelf life.

## PACKAGING

### HOMEY C100 PU FOAM CLEANER

is available in:

#### Standard size:

5000ml cartridge, 12ctgs/ ctn.

## STORAGE AND USABLE LIFE

12 months from manufacture date when store in cool dry locations below 25°C, keep away from heat source and direct sunlight during storage.

## APPLICATION

- Shake the aerosol can up and down.
- Press the trigger of the gun.
- Attach the gun needed to be clean to the foam can.
- The residue inside the gun will be cleaned.

## SURFACE PREPARATION

Clean all grease, dirty, water, klunky sealant from surface, accessories and protective coatings and any pollutant left inside joints and sunken parts. For best results wipe all surfaces with Homey cleaner, methylated spirits or acetone, use a lint free cloth, then wipe again with a dry lint free cloth. Detergent or soap water treatments are not recommended.

## COMPATIBILITY TESTING

Incompatibility of glazing materials can lead to sealant discoloration and/or loss of adhesion. To help protect against these problems and to ensure compatibility, HOMEY will also test and provide information on the compatibility of accessory materials( gaskets, spacers, etc) and other HOMEY Acrylic Sealant.

## CAUTION

Wear chemical resistant goggles, nitrile gloves and suitable work clothing during use.

Use in well-ventilated areas.

In case of eye contact, flush with water and get immediate medical attention.

Keep away from direct sunlight, heat, sparks, flames and static electricity.

## HANDLING PRECAUTIONS

This paper doesn't include material safety data sheet ( MSDS) for product. Before handling, read product and material safety data sheets and container labels for safe use, physical and health hazard information. The material safety data sheet is available from your HOMEY sales application engineer, or distributor, or by calling HOMEY customer service.

## LIMITATION

### HOMEY C100 PU FOAM CLEANER

- Do not apply outdoors when rain or freezing temperatures are expected within 24 hours.
- Do not use for architectural joints, horizontal joints subject to heavy abrasion or wear, expansion joints, or for tuck pointing.
- Not suitable for underwater applications, permanent water immersion, or for aquariums and around swimming pools.
